

# THE NEW INFORMATION PORTAL FOR CONSTRUCTION

## A LOOK AT THE MODERN CONSTRUCTION INDUSTRY

### The entire construction industry in one place!

If you are looking for the home of your dreams. And why not a chic house? If you are looking for the best quality building materials and equipment for your home and garden.

If you are investors and want to find customers. If you offer products or services in construction. If you want to know more about real estate transactions or what landscaping is suitable for your yard.

### stroitelbg.bg is the right place!

- Modern residential buildings and houses. Your property is one click away!
- Latest technologies in energy efficiency
- Top interior designers talk about furnishing trends
- Experienced craftsmen show the subtleties of repairs
- Products and services of top manufacturers and importers of building materials

And more: Specialized machinery and equipment for construction, trends in landscape architecture and landscaping, interior design, real estate transactions, financing, etc.

### Six subsites:

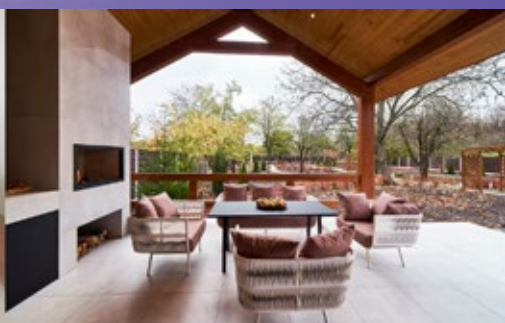

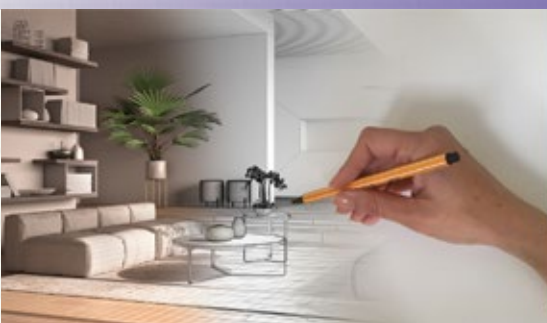

**CONSTRUCTION EQUIPMENT**

**INTERIOR AND EXTERIOR**

## INFRASTRUCTURE

**Highlights:** Construction, purchase and sale of apartments and houses, classifieds, videos, podcasts.

**And more:** news and events; exhibitions and forums; trends, innovations and technologies in the construction industry.
